KEEP OUT OF REACH OF CHILDREN

Vital Red RTV
SILICONE GASKET MAKER
650°F

High Temperature Resistant up to 650°F (343°C)
Makes leak-proof gaskets in seconds
Hi-Temp heavy duty applications
Remains flexible and durable

VT-151

CAUTION! Uncoated sealant causes skin and eyes irritation upon contact.

3 oz. (85gm)
Product Code: VT-151

Vital Red RTV
SILICONE GASKET MAKER
650°F

High Temperature Resistant up to 650°F (343°C)
Makes leak-proof gaskets in seconds
Hi-Temp heavy duty applications
Remains flexible and durable

VT-150

CAUTION! Uncoated sealant causes skin and eyes irritation upon contact.

300gm

Vital Copper RTV
SILICONE GASKET MAKER
700°F

Low Volatile Formula
High Temperature Resistant up to 700°F
Safe for all models
Guaranteed no leak

VT-165

CAUTION! Uncoated sealant causes skin and eyes irritation upon contact.

300gm

KEEP OUT OF REACH OF CHILDREN

Vital Copper RTV
SILICONE GASKET MAKER
700°F

Low Volatile Formula
High Temperature Resistant up to 700°F
Safe for all models
Guaranteed no leak

VT-153

CAUTION! Uncoated sealant causes skin and eyes irritation upon contact.

3 oz. (85gm)
Product Code: VT-153

KEEP OUT OF REACH OF CHILDREN

Vital Blue RTV
SILICONE GASKET MAKER
600°F

Low Volatile Formula
Safe for all models
Pressure Resistant
Makes leak-proof gaskets in seconds

VT-150

CAUTION! Uncoated sealant causes skin and eyes irritation upon contact.

3 oz. (85gm)
Product Code: VT-150

KEEP OUT OF REACH OF CHILDREN

Vital Black RTV
SILICONE GASKET MAKER
600°F

Temperature Resistant up to 600°F (315°C)
Makes leak-proof gaskets in seconds
Remains flexible and durable

VT-157

CAUTION! Uncoated sealant causes skin and eyes irritation upon contact.

3 oz. (85gm)
Product Code: VT-157

www.vitaltechnical.com

KEEP OUT OF REACH OF CHILDREN

Vital Grey RTV
SILICONE GASKET MAKER
625°F

Low Volatile Formula
Safe for all models
Guaranteed no leak
Excellent oil resistant

VT-152

CAUTION! Uncoated sealant causes skin and eyes irritation upon contact.

3 oz. (85gm)
Product Code: VT-152

Vital Gasket 1104
Grey Sealant
Good LPG resistance

VT-1104

CAUTION! Avoid prolonged contact with eyes or skin.

3.52 oz. (100gm)

ADVANCED GASKET MAKERS

SENSOR-SAFE
VT-150 Vital Blue RTV

Description:
Vital Blue RTV is the original gasket maker formulated for sensor-safe and heavy duty applications. It makes reliable "formed-in-place" gaskets that resist cracking, shrinking and migration caused by thermal cycling. Ideal to replace almost any cut gasket. Also use to coats pre-cut gasket to increase reliability. It is permanently flexible and stable at temperature of between -80°F to +500°F (-62°C to +260°C) intermittent. It is also highly resistant to auto and shop fluids.

Applications: Valve covers, oil pans, timing covers, water pumps, thermostat housing, transmission pans etc.

VT-151 / VT-158 / VT-159
Vital Red RTV

Description:
Vital Red RTV is the original gasket maker formulated for high temperature and heavy duty applications. It makes reliable "formed-in-place" gaskets that resist cracking, shrinking and migration caused by thermal cycling. Ideal to replace almost any cut gasket. Also use to coats pre-cut gaskets to increase reliability. It is permanently flexible and stable at temperature of between -80°F to +650°F (-62°C to +343°C) intermittent. It is also highly resistant to auto and shop fluids.

Applications: Rear main bearing cap split line, damper keyway sealing, differential cover, intake end seals, OHC cap, oil pan corner seals, oil pan gasket, side cover plate, thermostat housing, timing cover, transmission pan, valve cover gasket, vibration damper, water pump cover gasket and intake manifolds.

VT-159	Vital Red RTV	1.13 oz. (32gm) tube carded	12	144

SENSOR-SAFE
VT-152 Vital Grey RTV

Description:
Vital Grey RTV is specially designed for high torque applications (predominantly Japanese designs) that requiring a unique RTV Gasket. It makes reliable "formed-in-place" gaskets that resist cracking, shrinking and migration caused by thermal cycling. It features low odor, non-corrosive with excellent oil resistance. Ideal to replace almost any cut gasket. Also use to coats pre-cut gaskets to increase reliability. It is permanently flexible and stable at temperature of between -80°F to +625°F (-62°C to +330°C) intermittent. It is also highly resistant to auto and shop fluids.

Applications: Rear main bearing cap split line, damper keyway sealing, differential cover, intake end seals, OHC cap, oil pan corner seals, oil pan gasket, side cover plate, thermostat housing, timing cover, transmission pan, valve cover gasket, vibration damper, water pump cover gasket and intake manifolds.

SENSOR-SAFE
VT-153 / VT-165
Vital Copper RTV

Description:
Vital Copper RTV is specially designed for 4-cylinder, turbocharged or high performance engine that requiring a unique RTV Gasket. It is the most advanced, high temperature RTV silicone gasket currently available. It features low odor, non-corrosive with excellent oil resistance. It is three times more oil resistant than conventional silicone gasket and eight times more flexible than cut gaskets. It is permanently flexible and stable at temperature of between -80°F to +700°F (-62°C to +370°C) intermittent. It is also highly resistant to auto and shop fluids.

Applications: Rear main bearing cap split line, damper keyway sealing, differential cover, intake end seals, OHC cap, oil pan corner seals, oil pan gasket, side cover plate, thermostat housing, timing cover, transmission pan, valve cover gasket, vibration damper, water pump cover gasket, intake manifolds and exhaust manifold.

VT-165	Vital Copper RTV	300gm/cartridge	-	24

Vital Gasket 1104

Vital Gasket 1104 is a semi-drying grey liquid gasket that uses synthetic rubber as the main ingredients. It is formulated to form a layer thick enough to work efficiently on uneven joint surfaces. It exhibits good resistance to heat, oil, gasoline and particularly LPG. It turns into rubber-like elastic substance upon curing.

Applications: Ideal for the purpose of making quality gaskets in garages, workshops, homes and Do-It-Yourself.

VT-155	Vital Gasket 1104	1.76 oz. (50gm) tube boxed	12	144
VT-156	Vital Gasket 1104	3.52 oz. (100gm) tube boxed	12	144

VT-157 Vital Black RTV

Description:
Vital Black RTV is the original gasket maker formulated for heavy duty applications. It makes reliable "formed-in-place" gaskets that resist cracking, shrinking and migration caused by thermal cycling. Ideal to replace almost any cut gasket. Also use to coats pre-cut gaskets to increase reliability. It is permanently flexible and stable at temperature of between -80°F to +600°F (-62°C to +315°C) intermittent. It is also highly resistant to auto and shop fluids.

Applications: Valve covers, oil pans, timing covers, water pumps, thermostat housing, transmission pans etc.
