HOUSEHOLD ADHESIVES AND SEALANTS

VT-120 Contact Adhesive

A premium quality solvent-based synthetic rubber resin adhesive formulated to bond a variety of common materials. It's easy-to-use with longer tack time and offers superior bonding strength.

Applications: formica, rubber, cork, leather, fiberglass, polyurethane foam, EVA to wood, metal or concrete. It is also suitable for carpet repair applications.

VT-121 Shoe Adhesive

A clear colored solvent-based adhesive specially formulated for Do-It-Yourself shoe and leather goods repair jobs. It is easy-to-use, fast setting and cost saving. It also offers superior bonding strength with excellent water and heat resistant.

Applications: filling and repairing tears, building up worn areas, especially good for leather goods.

VT-130 Clear Sealant

A one component, versatile, acetic cure silicone sealant formulated for general purpose glazing and sealing applications where long term reliability is required. It will bond to form a durable, flexible, waterproof seal on many common wet area building materials. It is suitable for both indoor and outdoor applications.

Applications: It can be used to bond, seal, repair, mend and secure glass, metal, fabric, vinyl, plastics, weather-stripping and vinyl tops.

VT-131 Auto Sealer

A one component, general purpose, black silicone sealant for both indoor and outdoor applications. It may be applied to horizontal or vertical surfaces. It provides a waterproof and flexible seals and resists oil, water, weather, vibration and grease. It does not dry out or become brittle.

Applications: It seals, bonds, repairs, mends and secure glass, metal, plastics, fabric, vinyl, weatherstripping and vinyl tops. It can also be used to protect and repairs electrical wiring, windshields, door frames, electrical connections, seams and roofs.

VT-132 Bathroom & Sanitary Sealant

A one component, mildew resistant, acetic cure silicone sealant formulated for applications in areas where high humidity and temperature may be encountered. It will bond to form a durable, flexible, waterproof seal on many common wet area building materials.

Applications: Good adhesion on most ceramics, glass and plastics. Widely used for grouting ceramic tiles, bedding tile accessories and sealing shower heads, tubs, rimless, sinks, kitchen and bathroom fixtures.

VT-133 Vital-Nails

A one component, high performance, paste-like construction adhesive sealant formulated to bond a variety of common construction materials. It has strong initial grab, superior adhesion and will not slump on vertical surfaces.

Applications: skirting board of wood and PVC, particleboard, masonry, aluminum, galvanized iron, steel, concrete, fibrous cement sheeting, wall brick, concrete and flooring paneling. It is also safe to use on foamed polystyrene and mirror backed tiles.

VT-123 Seal-All-Gaps

A one component, paintable and flexible, mildew resistant (anti-fungal) acrylic sealant formulated for sealing of gaps and joints where slight movement or vibration causes conventional, non-elastic fillers and putties to crack and fall out. It had good adhesion to most porous surfaces without primer and is economy yet environmental friendly that can be cleaned up with water.

Applications: General Glazing: Wood, concrete, marble, glass, plastic etc.
DIY Applications: Gutters, joints around door and windows, skylights, air-conditioning system etc.

Energy Saving Applications: Seal air draft around air-conditioner.

VT-124 Wood & Parquet Adhesive

A water-based, clear color, non-toxic and non-corrosive adhesive that is excellent for wood bonding application. It is features quick setting, superior bonding strength and bonds variety of porous substrates. It is specially formulated to obtain superb resistance to plasticizer migration thus able to bond PVC effectively and at the same time provides adequate water and alkali resistance.

Applications: Parquet flooring, wood joining, PVC lamination, paper, foam, furniture, crafts, cabinets, woodworking projects.
